

SUNRISE LEADERSHIP SERIES

Discover the untapped power of “See, Listen & Learn - the Gemba Walk”

Overview

The AME Sunrise series continues with the employee engagement theme by learning the benefits of and how to, “Go-See, Listen and Learn”, in the Team members’ environment, where the work is done and value is created, at the Gemba.

Presenter

Paul Deane is an experienced Lean improvement practitioner with over 25yrs with small & large organisations and is passionate about how, tactically interacting with employees at the Gemba, changes workplaces for the better.

What You Will Learn

- How subconscious filters and workplace habits prevent leaders from seeing what truly matters.
- Why “Go-See” is an essential leadership behaviour for building genuine connection with frontline teams.
- How to observe work where value is created – and what to look for during a Gemba walk.
- Techniques to improve listening skills to better understand team challenges and opportunities.
- The role of Gemba in strengthening employee engagement and trust.
- How seeing, listening, and learning at the point of work improves operational performance.
- Practical steps to integrate Gemba walk routines into daily leadership practices.
- Common pitfalls leaders face during Gemba walks – and how to avoid them for meaningful outcomes.

Who Should Attend

Senior Leaders, Departmental people leaders, Operations Improvement leaders. Aspiring and developing leaders
